

PRESS RELEASE

For Immediate release

Glasgow, UK

RCF at EvenTech, Glasgow

As part of their continued growth in customer support, RCF will exhibit their complete product range at EvenTech, Glasgow. These include, TT+ touring theatre systems, Pro Speaker systems, including the ART and 4PRO series. As one of the only companies worldwide to manufacture their own transducers, RCF will be showing a range of transducers that are at the heart of all of their loudspeakers.

As far Commercial audio is concerned, RCF will be featuring a wide range products including, Monitor Q, Ambiente and Easyline, as well as amplifiers and processors, alongside the Forum Congress conference systems. When it comes to installed sound, RCF have a long history of producing state of the art speaker systems. On show will be complete range of Acustica speakers including the new P Series.

RCF's Phil Price said of the show, "We feel that the market in Scotland has been neglected to some extent and we're looking forward to meeting system integrators and installers on their home territory."
